Statement Establishing Right of Assignee to Take Action (37 CFR § 3.73(b)):

I, a person authorized to sign on behalf of the Assignee, have reviewed the evidentiary documents referred to above and certify that, to the best of my knowledge and belief, title is ours as Assignee who seeks to take further action.

The extent of the Assignee's interest is in the whole of this invention, the Assignee hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term of United States Patent No. 6,327,812 as presently shortened by any terminal disclaimer, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to United States Patent No. 6,327,812 this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

Assignee does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of United States Patent No. 6,327,812 as presently shortened by any terminal disclaimer, in the event that it later: (1) expires for failure to pay a maintenance fee; (2) is held unenforceable; (3) is found invalid; (4) is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321(a); (5) has all claims canceled by a reexamination certificate; or (6) is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.
